

July 2010 News from the Den

We are proud to introduce our 4th edition of **“The Terrific Twenties”**! It’s hard to believe the very first edition was published eight years ago. Each successive year, we have continued to work diligently to build the terrific twenty calibers to be a top leader in the varmint and target shooting disciplines. This new edition introduces twenty caliber fans to specialized 20-caliber cartridges and bullets that make the twenty calibers very competitive at 1000 yards! This is all done in small to modest cartridges like the 20 PPC, 20 Titan, 20 BR and 20X47 Lapua.

Let me be the first to say no coyote or woodchuck is safe at those ultra-long ranges anymore. I have one very dedicated customer who killed several coyotes at over 800 yards and a badger at over 600 yards last winter with his newly built 20X47 Lapua!

This 4th edition is packed with everything you can imagine on the 20 calibers. It encompasses over 15 years of our hard work to bring the 20 calibers to where we are today. From the 20 Squirrel, 20 Ackley Hornet, 20 Ackley Bee, 20 VarTarg, 20 VarTarg Turbo, 20 T-n-T, 204 Ruger, the Tactical 20, 20 Terminator, 20 Pup, 20 PPC, 20 Titan, 20 BR to the 20X47 Lapua the **“Terrific Twenties”** has it covered. By the way, it’s the only dedicated 20 caliber manual on the planet!!

Order yours today for only \$33.00 ppd. call **330.897.0614**

Here is our new **“Terrific Twenty”** reloading manual just in from the printer and now in stock!

New Wilson 20X47 Lapua Match Reloading Dies in Stock!!

As soon as we started working with the 20X47 Lapua, I knew we had to get some match dies in stock. I called our precision reloading die suppliers and asked them to consider making the 20X47 Lapua dies. Well, Wilson is the first to get us some match 20X47 Lapua resizing and bullet seating dies. This cartridge is a true 1000-yard match performer, but that's only with a highly accurate rifle and very concentric ammo. These dies can meet that high standard. We now have them in stock and all the resize bushings too! Call today at **330.897.0614**

We now have the precision Wilson 20X47 Lapua reloading dies in stock!!
